

## **Chrysalis Ventures - Analyst Job Description**

### **Chrysalis Ventures:**

A venture capital firm based in Louisville, Kentucky, Chrysalis is a leading source of equity capital for growth companies in the Southeast and Midwest. We have more than \$250 million under management and have invested in more than 50 companies.

Chrysalis identifies and nurtures promising early-stage companies poised for growth. To these investments we contribute not just capital, but hands-on experience and assistance. Our mission is to help entrepreneurs build great businesses and deliver, as a result, outstanding returns to our investors.

For further information on Chrysalis visit our website at [www.chrysalisventures.com](http://www.chrysalisventures.com).

### **Analyst Position**

#### **Primary Job Responsibilities:**

Support Chrysalis' professionals on all portfolio-related and administrative activities including:

- Assist with performing thorough due diligence including: financial modeling, review of personnel, industry research, market validation, etc.
- Assist with monitoring portfolio companies through review of reports and interaction with management
- Conduct research and produce reports on specific companies or industries
- Conduct industry and competitive analysis
- Assist with management of Chrysalis information including database maintenance
- Review potential investment opportunities for preliminary interest

#### **Desired Background**

The ideal candidate will have graduated from a top-tier undergraduate school with excellent academic performance. Pre-MBA candidates preferred. Necessary skills include solid knowledge of financial statement analysis and financial modeling, and excellent communication and organizational skills. Candidate must be a high energy self-starter capable of working with limited direction while managing multiple projects with strict deadlines. Any experience in private equity, working in entrepreneurial companies, or financial analysis is a plus.

#### **Compensation**

Competitive salary and benefits.
